

Open Day for Prospective PhD Students

Friday 5th December
14:00-16:00

Bransden Room

Come and learn more about the range of exciting research opportunities in atomic and molecular research from current PhD students and supervisors within the **Joint Quantum Centre (JQC)**. The JQC joins Durham **Atomic and Molecular Physics** and Newcastle **Quantum Fluids and Gases** (Applied Mathematics and Mechanical and Systems Engineering) with members of Durham Chemistry **Theory and Dynamics**. Projects are available in all these areas.

Food and drinks provided.
